

Dear Supplier

Camisano Vicentino, 06/04/2020

**SUBJECT: HAPPY EASTER**

Dear Supplier,

I make you my best wishes for Holy Easter.

Easter represents the rebirth and creates new hopes in the hearts of all of us. Never as in this moment of emergency and difficulty I wish you to rise again and live these holidays in peace and harmony with your loved ones.

A special thought goes to transporters, to drivers, to all of you who continue to support our mission of guaranteeing food supply chains in everyday life and on these Easter festivities.

I borrow the words of our Pope Francis: "Because life is of no use if not used to serve others". Our life, our companies must be at the service of our communities and you are contributing to all this.

Starting this week, at our production site we will deliver to the drivers an Easter "Colomba" cake made using our ingredients: a small gesture of gratitude to underline the importance and value of this Easter, of your work and of our communities that are also experiencing a food emergency moment.

A sincere thank you and a wish for an authentic Easter.

Silvia Santarelli
